

# Fleet Management Solutions

## School Transportation

## Real Time Visibility Of Student Transportation

### + Student Safety

Monitor and track students who are taking school buses to or from school to ensure their safe travels and alert parents if they were not accounted for

### + Route Management

Ensure optimized routes are being taken while transporting students to minimize excess and frequent stops

### + Fleet Safety

Manage drivers and vehicle maintenance in real-time to ensure that drivers are abiding to the rules of the road and that vehicles will not breakdown

### + Tracking Visibility

Track the location of vehicles as well as students, to provide parents notifications for when buses are expected at routes or if a student missed the bus

# Top Concerns We Address

Student Facing Camera

Door Monitoring

Student Scanner

Bus ETA Notifications

ZenduCam System

GoFleet Driver, DVIR, Route Navigation, Brake, ECM Diagnostics

## Student Tracking

Monitor when and where students get on or off the bus by tracking whether the individual scanned their personal NFC reader

## Vehicle Upkeep

Manage vehicle health remotely with total visibility of sudden mechanical concerns or upcoming maintenance to reduce sudden breakdowns that stop work

## Vehicle Tracking

Track the location of buses to provide parents visibility and updates of when their child's bus will arrive at a designated stop

## Fleet Optimization

Monitor student ridership to adjust bus routes and stops to ensure timely and efficiency trips

## Driver Safety

Monitor the driving behaviour of school bus drivers to ensure students and children are kept safe while on the road

## Routing & Dispatching

Track vehicles routes that are in progress or expected to allow fleets to add on new routes for buses not in use

# Improved Visibility For Fleet Managers And Parents

## Bus ETA

Give real-time live location updates of arriving buses to parent's mobile apps while easily adjusting and creating new bus routes

## ZenduCAM

Strengthen fleet safety and reduce risky driving behavior with innovative dash cameras that allow you to watch live playback of events, see trips and more

## Mobile Dispatch

Quickly review previous, current and future routes that drivers are assigned and adjust routes based on driver or vehicle availability to maximize productivity

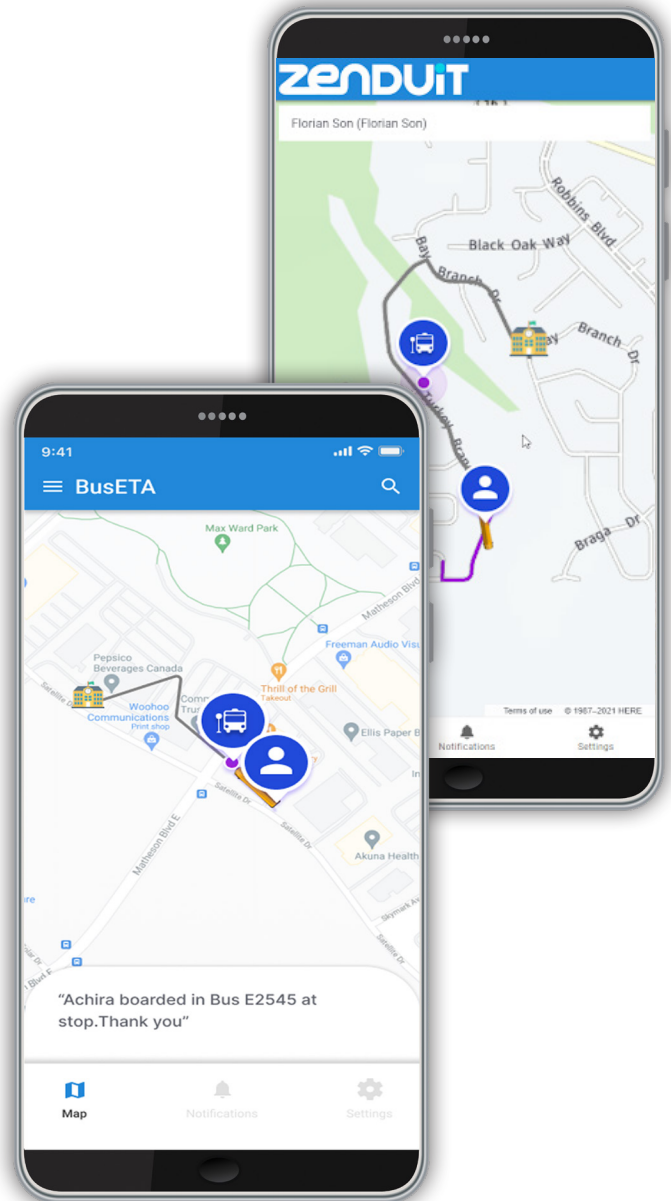

## Geotabs & NFC Readers

Track the location of vehicles and individuals riding each vehicle when NFC tags are scanned on readers located within the bus

## ZenduMaintenance

Access fault codes, schedule preventative maintenance, manage inventory and parts, set-up custom reports, and access maintenance cost accounting tools

# We don't just provide another fleet tracking system.

We are in the business of providing you a solution. Our fleet consultants work with you to understand your business. We help you implement solutions based on everyday pain areas and industry best practices. Of course it helps having the industry's most powerful and reliable GPS vehicle tracking system, but the real difference is made in our customer service. Let us show you the GoFleet difference.

- + Implement an equipment maintenance management program with solutions that analyze engine data against best practices
- + Know the real-time location of vehicles and deliveries with trackers that show visibility of fleets and customers
- + Integrate smart dash cameras that record not only the events leading up to an incident, but HD footage of the driver to monitor for unsafe behaviour
- + Keep incidents low by using advanced collision prevention solutions that alert drivers if they are approaching another vehicle or pedestrian
- + Reduce environmental strain and keep costs low with fuel management programs that monitor fuel utilization against industry KPIs
- + Measure, monitor and report on nearly anything with IOX expandability

## Learn how we're changing fleet management at [gofleet.com](https://gofleet.com)

### **ZenduMaintenance**

Automatically generate work orders, track your parts inventory, schedule downtime, and more

### **ZenduCAM**

Leverage connected cameras to monitor the driving behaviour to encourage driving habits

### **Bus ETA**

Track bus location and provide real-time updates of route information to mobile apps

### **ZenduLearn**

Digital training that allows for quick course deployment, tracking and personalization

### **ZenduForms**

Create custom forms with location recording, geofencing and approval requirements built-in

### **ZenduWork**

Access all dispatching and work order tools to increase efficiency and productivity
