

Contents - Vol. 15, Fasc. 1-2

<i>P.G. Todorov</i> On the Hermite Method for the Factorization of Algebraic Polynomials	1
<i>V.T. Videv</i> Two Curvature Operators in Riemannian and Lorentzian Geometry	7
<i>Ç. Atakut, N. İspir</i> The Order of Approximation by Certain Linear Positive Operators	25
<i>P.S. Stanimirović</i> Generalizations of the Condition Number	35
<i>I. Brnetić, C.E.M. Pearce, J. Pečarić</i> On Difference Mappings Associated with Hadamard's Inequality	49
<i>N. Soare</i> On the (g, φ, ξ, η) -Linear Connections	59
<i>M.G. Karatopraklieva</i> On a Nonlocal Boundary Value Problem For an Equation of Mixed Type with Discontinuous Coefficients	67
<i>R. Semerdjieva</i> On a Class of Hyperbolic Equations with Order Degeneration	75
<i>T. Stoyanov</i> Some Extensions of a Problem of Biehler and Hermite	89
<i>I. Michailov, N. Ziapkov</i> Embedding Problems with Galois Groups of Order 16	99

G.P. Paskalev

Smooth and Classical Solution of Non-local
Boundary Value Problem for a Class of
High Order Partial Differential Equations 109

D.V. Dekov

Finite Complete Rewriting Systems
for Semigroups and Groups125

M.M. Konstantinov, P.Hr. Petkov

Condition and Error Estimates in the
Solution of Lyapunov and Riccati Equations139

G. Pataki

On the Extensions, Refinements and
Modifications of Relators 155
