

Contents - Vol. 24 (2010), Fasc. 1-2

R. M. S. Mahmood

Presentations for Subgroups Induced by Subfundamental Domains
of Groups Acting on Trees with Inversions 1

Majid Mirmiran

Insertion of a Continuous Function between Two Comparable
Precontinuous (Semi-Continuous) Functions 21

Erhan Deniz, Dorina Răducanu and Halit Orhan

On an Improvement of an Univalence Criterion 33

Bujar Xh. Fejzullahu

Asymptotics for Orthogonal Polynomials with Respect to the
Jacobi Measure Modified by a Rational Factor 41

Miryana S. Hristova

Power Series Description of the Commutant
of Powers of the Dunkl Operator 51

George A. Anastassiou

Basic Inequalities, Revisited 59

Aysun Aytac and Hanife Aksu

The Rupture Degree of Some Graphs 85

Sorin G. Gal

Approximation by Complex Bernstein-Durrmeyer Polynomials
with Jacobi Weights in Compact Disks 103

Lyubomir Ivanov, Dimiter Skordev, Dimiter Dobrev

The New National Standard for the
Romanization of Bulgarian 121

Maria G. Karatopraklieva

On a Nonlocal Boundary Value Problem for Linear Differential
Equations of Changing Type. Hyperbolic-Parabolic Equations,
Antiperiodic Solutions 131

<i>Stela D. Zhelezova</i> Cyclic parallelisms of $PG(5, 2)$	141
<i>N.T. Markova, P.S. Simeonov</i> Oscillation of Functional Differential Equations with Deviating Arguments Depending on the Unknown Function	147
<i>Elton Pasku and Petraq Petro</i> On Some Relationships between Groups and Completely Regular Semigroups	163
<i>Kristina Krulić, Josip Pečarić, Ksenija Smoljak</i> Gauss–Steffensen’s Means	177
