

## Contents - Vol. 25 (2011), Fasc. 3

|  |     |
|--|-----|
| International Conference "Mathematics in Industry", Sofia,<br>Bulgaria, July 11-13, 2010 - Preface .....                       | 217 |
| <i>Cătălin Dima, Constantin Enea</i><br>Nondeducibility on Strategies in the Temporal Logic of Knowledge .....                 | 219 |
| <i>Mario Primicerio</i><br>An Introduction to the Mathematical Modelling<br>of Geothermal Resources Exploitation .....         | 241 |
| <i>V. Wheatley, H. Kumar and R. Jeltsch</i><br>Spectral Performance of RKDG Methods .....                                      | 257 |
| <i>N. S. Dimitrova</i><br>Modeling the Production of Genetically Modified Organisms .....                                      | 277 |
| <i>N. S. Dimitrova, M. I. Krastanov</i><br>Adaptive Asymptotic Stabilization of a Bioprocess Model .....                       | 293 |
| <i>E.I. Pancheva, I.K. Mitov</i><br>Approximation of the Risk Process - a Survey .....   | 289 |
| <i>Angela Slavova, Victoria Rashkova</i><br>A Novel PDE Based Image Denoising Model with<br>Applications in Nanoindustry ..... | 317 |
